**ORES Permit Application No.:** 22-00030

**Facility Description:** Applicant applied to the New York State Office of Renewable Energy Siting (Office or ORES) for a permit pursuant to Executive Law § 94-c to construct and operate a 100-megawatt (MW) solar energy facility located in the Town of Alfred, Allegany County.

Applicant filed the application with the Office on April 14, 2023. A notice of complete application was issued on January 16, 2024 (see <https://ores.ny.gov/permit-applications>, click on Project Permit Application Number 22-00030).

ORES staff published draft permit conditions on March 18, 2024. The draft permit may be accessed at <https://ores.ny.gov/permit-applications>, click on Project Permit Application Number 22-00030.

**ORES Staff Position:** On issuing the draft permit conditions, ORES staff takes the position that the proposed facility, together with the uniform and site-specific standards and conditions contained in the draft permit, would comply with applicable laws and regulations. ORES staff recommends that the Office elect not to apply, in whole or in part, any local law or ordinance that as applied to the facility is unreasonably burdensome in view of the Climate Leadership and Community Protection Act targets and the environmental benefits of the proposed facility.

**Public Comment Hearing:** A public comment hearing pursuant to 19 NYCRR part 900 to hear and receive unsworn comments from the public will be held at the **Alfred Station Volunteer Fire Department, 623 State Route 244, Alfred Station, NY 14803** on **Wednesday, May 29, 2024, at 6:00 p.m.**

All persons, organizations, corporations, or government agencies who may be affected by the facility are invited to attend the hearing and comment on the application and the draft permit conditions. Lengthy comments will not be accepted and instead should be submitted in writing. Equal weight will be given to both oral and written comments. To ensure that all interested persons have an opportunity to speak, the Administrative Law Judge (ALJ) may limit the time available for oral comments to three (3) minutes per person. The public comment hearing will be transcribed for inclusion in the administrative record.

The hearing location is reasonably accessible to persons with a mobility impairment. Interpreter services shall be made available to deaf persons, and English language translator services shall also be made available, at no charge for either service, upon written request to Chief ALJ James T. McClymonds, Office of Renewable Energy Siting, Empire State Plaza, P-1 South, J Dock, Albany, NY 12242, (518) 473-4590, [hearings@ores.ny.gov](mailto:hearings@ores.ny.gov). All requests must be received no later than 4:00 p.m. on Wednesday, May 15, 2024.

In the event that the in-person public comment hearing needs to be canceled, rescheduled, postponed, or conducted virtually, notification of any change will be available at the ORES website at <https://ores.ny.gov>.

party status for any person or organization that has properly filed a petition (as indicated below), and to narrow and define those issues, if any, that will require adjudication in this matter. Participation in the issues determination procedure is limited to ORES staff, applicant, and those persons or organizations requesting party status.

**Filing for Party Status and Proposed Issues:** Persons seeking to participate in the issues determination procedure and any subsequent adjudicatory hearing must register on the ORES Portal and file a written petition explaining whether their request is for full party status or amicus status.
